WE PROVIDE HAZARDOUS WASTE INCINERATION SERVICES

Did you know that A&D Environmental Services can provide a variety of hazardous waste management services, including thermal treatment via incineration? A&D is a proud member of the *RossWay Group*[®] with affiliate companies including Ross Incineration Services, Inc., Ross Transportation Services, Inc. and Ross Environmental Services, Inc. located in Ohio.

This means in addition to managing your non-hazardous solidification and disposal needs, A&D can also manage all of your hazardous waste management needs as well. With its network of vendor facilities, A&D provides complete hazardous waste services for jobs ranging from small quantities to full truck loads. This includes ensuring proper manifesting and transportation of hazardous waste to permitted treatment, storage and disposal facilities in the United States and Canada. And as a member of *the RossWay Group*[®], that includes thermal treatment via incineration at a RCRA Part B Permitted treatment, storage and disposal facility.

A&D's wide range of capabilities ensure that you get all of your waste management services from one provider.

We Provide:

- RCRA Part B Permitted hazardous waste incineration services through our *RossWay Group*[®] affiliate, Ross Incineration Services, Inc.
- Incineration of a wide range of hazardous and non-hazardous wastes including industrial and process wastes, consumer products, pharmaceuticals and DEA-regulated materials
- Waste sampling, lab analysis, identification and classification
- Lab pack services, including identification, segregation, packaging and transportation
- Hazardous and non-hazardous waste removal and disposal
- Non-hazardous waste solidification
- eWaste and universal waste management including recycling
- 10-day hazardous waste transfer facilities

Rely on A&D for your waste management needs so that you can focus on what's important to you, your business. Give us a call today at 800-434-7750.
